About sailing and sleeping

Sailing ... those who have tasted it know the contented feeling it gives. And the longing for a 'refreshing' night's sleep afterwards. With a Fja-Oeyen duvet you enjoy the most wonderful nights.

Have you ever considered the fact that down 'grows' on the water? A product that originates from water birds must be perfect to use in duvets under which people enjoy a lovely rest on the water. With this in mind, Fja-Oeyen makes the purest duvets and pillows in its own workshop.

Choose top quality

For four generations this absolute faith in honest top quality and know-how has been passed on from father to son at Fja-Oeyen. With dedication to yachts and water-life a team of specialists is ready to let you, your guests and crew enjoy this unique way of sleeping. They contribute to the fact that everyone onboard your ship can defy the elements of nature in a rested state and full of energy.

The luxury of tailor-made goods

To perfectly protect your soft duvets without losing the ultimate feeling against your skin, Fja-Oeyen offers bed linen in its own workshop from a selection of the finest fabrics (such as satin and Lyocell) that is tailor-made according to your specific wishes.

In the colours of the sea or of your yacht. A feast for the eye in the berth!

Attention is paid to a fine finish and practical use: covers fit the duvets perfectly and stay in place thanks to tuck in bands and a zip. With our cotton, satin or towelled sheets, nights aboard the yacht become as luxurious as days.

Apart from bed linen, Fja-Oeyen also offers personalised bathrobes, towels and deck salon covers in fine towelling. The finishing touch? Dressing gowns in the same design as your duvet covers!
